in today's society everything is in question the reflexive questioning of modernity has fundamentally problematized society including philosophy which has experienced a crisis of metaphysics michel meyer's problematology answers this crisis by questioning questioning unfolding a new way of doing philosophy with special relevance for the study of society in this first ever extended treatment of meyer's work nick turnbull examines the main features of problematology including the principle of questioning and the deduction of an original conception of difference based on the question answer relationship turnbull shows how these concepts produce new perspectives in the philosophy of the emotions history meaning politics rhetoric and science he applies meyer's ideas to key questions in the philosophy of social science showing how problematology offers important insights for understanding contemporary society the book compares problematology with the work of well known thinkers including bourdieu castoriadis collingwood derrida dewey gadamer heidegger and lyotard turnbull uses problematology and rhetoric to explain how meaning is constructed through practice in the negotiation of social distance

the public outcry for a return to moral education in our schools has raised more dust than it's dispelled building upon his provocative ideas in on becoming responsible michael pritchard clears the air with a sensible plan for promoting our children's moral education through the teaching of reasonableness pritchard contends that children have a definite but frequently untapped capacity for reasonableness and that schools in a democratic society must make the nurturing of that capacity one of their primary aims as fundamental to learning as the development of reading writing and math skills reasonableness itself he shows can be best cultivated through the practice of philosophical inquiry within a classroom community in such an environment children learn to work together to listen to one another to build on one another's ideas to probe assumptions and different perspectives and ultimately to think for themselves advocating approaches to moral education that avoid mindless indoctrination and timid relativism pritchard neither preaches nor hides behind abstractions he makes liberal use of actual classroom dialogues to illustrate children's remarkable capacity to engage in reasonable conversation about moral concepts involving fairness cheating loyalty truthtelling lying making and keeping promises obedience character and responsibility he also links such

discussions to fundamental concerns over law and moral authority the roles of teachers and parents and the relationship between church and state pritchard draws broadly and deeply from the fields of philosophy and psychology as well as from his own extensive personal experience working with children and teachers the result is a rich and insightful work that provides real hope for the future of our children and their moral education
